

BIG VOTE IN PRIMARY: VIOLENCE IN CHICAGO TODAY

Killed Robber Was "Dr. Jekyll and Mr. Hyde"

LARGE VOTE IS BEING CAST IN THIS TOWNSHIP

Charge Democrats Vote in Republican Primary Here.

BULLETIN

At about 1:30 this afternoon the poll of the eleven voting precincts in Dixon showed that the votes were as follows:

- First Prec.—77 men; 55 women; 1 Democratic vote.
- Second Prec.—136 men; 76 women; 7 Democratic votes.
- Third Prec.—111 men; 50 women; 4 Democratic votes.
- Fourth Prec.—101 men; 70 women; 7 Democratic votes.
- Fifth Prec.—95 men; 64 women; 8 Democratic votes.
- Sixth Prec.—54 men; 38 women; 8 Democratic votes.
- Seventh Prec.—115 men; 68 women; 1 Democratic vote.
- Eighth Prec.—114 men; 58 women; 12 Democratic votes.
- Ninth Prec.—124 men; 52 women; 5 Democratic votes.
- Tenth Prec.—135 men; 88 women; 5 Democratic votes.
- Eleventh Prec.—152 men; 86 women; 8 Democratic votes.

Of the few Democratic votes cast, not over ten per cent of them were women's votes.

Before noon today the total vote in the primary election in Dixon had mounted to over the 2,000 mark and there was no doubt that unless the rain which threatened at 1 o'clock became a stern reality the vote in the township would be more than double that figure before the polls closed at 6 o'clock.

From every precinct came word that women were voting in large numbers, and since the women's ballots must be kept separate and counted separately the counting and tabulation of the vote after the polls close will be slow and it will be late in the evening before returns will begin coming in.

Light Democratic Vote. The Democratic vote was remarkably light up to the noon hour and political leaders who had been watching the polls during the morning declared that many voters with known Democratic tendencies had been voting in the Republican primary.

Democratic County Ticket. The Democrats of Lee county, those of them that voted the Democratic ticket, planned today to write in a slate of names and nominate a ticket for the general election this fall.

The program which was to be put through unless plans go astray was to nominate the following list, by writing in the names:

For State's Attorney—Albert H. Hannen, Dixon.

For Circuit Clerk—Bestie Andrus, Ashton.

For Coroner—George Murray, Dixon.

For County Surveyor—Charles M. Nesbit, Dixon.

The only woman who was slated to be on the ticket to oppose E. S. Rosecrans for circuit clerk, is the daughter of John A. Andrus, a former Ashton attorney.

EXPECT RECORD VOTE By Associated Press Leased Wire Chicago, Sept. 15.—Republican and Democratic candidates for United States Senator, Representatives, Governor and nearly ninety other state offices were balloted upon by men and women in Illinois today. The bitter campaign which developed between two factions in the Republican party was expected to result in the largest vote in the state's history. Warm weather with probably showers by night, was predicted.

The Republican factional fight centered around the ticket headed by Len Small of Kankakee and supported by Mayor William Hale Thompson of Chicago to which was opposed that headed by John G. Oglesby, lieutenant governor, supported by Governor F. O. Lowden.

Threats in Chicago The announcement by Sheriff Chas. W. Peters of the appointment in Cook county of more than 1000 deputies for duty at the polls drew charges from the Thompson faction of attempted intimidation and instructions to the police to arrest any deputies found violating city ordinances or election regulations. Sheriff Peters warned that interference with the deputies "might lead to bloodshed."

In addition to Small and Oglesby, two other Republicans, Oscar E. Carl-

NEW BILLBOARD?

Attention of visitors at the court house recently have been attracted to the big service flag which hangs in the main hallway at the landing between the second and third floors, and shocked at the use to which it has been put. The flag has practically been converted into a billboard for politicians' advertising matter, which appeals to many as being both sacrilegious and uncalled for. The flag bears gold stars which represent Lee county young men who gave their lives for their country in the late world war.

ANNUAL CONVENTION LEE COUNTY W. C. T. U. AT FRANKLIN GROVE

Fine Program Arranged Meeting There Tomorrow Afternoon.

The 27th annual convention of the Lee County Women's Christian Temperance Union will be held in the Methodist church at Franklin Grove tomorrow afternoon and evening, and it is expected the attendance will be large. The afternoon session will begin at 1:30 and the evening meeting at 7:30, the program for the day being:

Opening of convention. Devotional Service: Mrs. Warren Hutchinson, Franklin Grove. Appointment of Committees. Address of Welcome: Rev. Mansard, Franklin Grove.

Response: Mrs. Mary Strook, Dixon. President's Address. Singing. Reports of Unions. Election.

Address: Mrs. Elizabeth MacFarlane, Pres. N. Rockford W. C. T. U. Singing and Reces.

"Our Promoted Comrades," Mrs. Marion Maben Dixon. Treasurer's Report. Awarding Prizes.

Committee Reports—Other Business. Evening. Music: M. E. Orchestra. Devotional Service: Rev. Warren Hutchinson, Franklin Grove. Reading—Ruth Whitney, Franklin Grove.

Offering. Report of Resolutions Committee. Singing. Benediction—Rev. Wm. Mansard.

Sinn Feiners' Ruse Gets British Mail

By Associated Press Leased Wire Bantry, Ireland, Sept. 13.—Sinn Feiners captured government mails being carried by airplane near here yesterday adopting a clever ruse to carry out their raids. A number of men dressed in British army uniforms made a large white circle in a field and deceived the airmen operating the airplane so completely that they dropped mail bags which were quickly picked up, taken to a motor car and carried off toward Kerry.

Chris Fassler of Polo was a Dixon visitor Tuesday.

strom of Aledo and Edward N. Woodruff of Peoria, are seeking the Republican gubernatorial nomination.

The principal Senatorial fight on the Republican ticket also was between Lowden and Thompson candidates. The man favored by Governor Lowden is Representative W. B. McKinley of Champaign while the candidate supported by Mayor Thompson is Frank L. Smith of Dwight, a congressman. A third candidate is Burnett M. Chipfield of Canton, a former representative.

Democratic Contests Seeking the Democratic nomination for governor is James Hamilton Lewis, former senator, opposed by Barratt O'Hara, former lieutenant governor, both of Chicago. The Democratic senatorial race lay between Robert E. Burke of Chicago and Peter A. Waller of Kewanee.

Other party nominees voted on today included one representative at large and 25 from districts, Lieutenant Governor, Secretary of State, Auditor, Treasurer, Attorney General, Clerk of the Supreme and Appellate Courts, 27 state senators, 51 state representatives and trustees of the East Side levee and sanitary district.

Among Republican members of Congress seeking renomination was Uncle Joe Cannon of Danville, 84 year old veteran of 22 congresses. His opponent was E. B. Coolley also of Danville.

MANY CONFLICTS REPORTED FROM CHICAGO WARDS

Clashes Between Rival Forces in City Result Fatally.

By Associated Press Leased Wire Chicago, Sept. 15.—Voting in Illinois' state primary today opened briskly in Chicago during the morning with indications that the total vote cast here might reach 500,000, considerably more than half the number registered.

Up to 11 o'clock one precinct captain had been reported kidnapped by the opposition; four arrests had been made and one of the special deputy sheriffs sworn in by Sheriff Charles Peters to guard the ballot boxes had been ousted by a city policeman. The threatened trouble between the police and deputy sheriffs, which leaders of both sides predicted would lead to bloodshed, failed to materialize on any alarming scale.

As the day wore on, reports of conflicts grew more frequent. Three automobile loads of armed men kidnapped an election worker at a polling place in the Fourth ward, beat a precinct captain in another polling place and shot up a saloon. Both the man kidnapped and the one beaten are anti-Thompson workers, according to Sheriff Peters.

Arrest Deputy Sheriff Police and a special deputy sheriff clashed in the Second Ward and Lee Thornton a colored deputy sheriff, was arrested charged with assault to commit murder after he is said to have drawn a gun and threatened to kill Detective Sergeant Anthony Nagel.

Michael Fennessy aged 35, a switchman, was shot and killed by a policeman in an argument said to have started over the election.

The campaign in Chicago has centered about charge "Tammanyism" directed at the Thompson administration by the friends of Governor Lowden. The anti-Thompson forces charged the mayor's administration with extravagance and asserted he was now seeking a hold on the state government through the nomination of Len Small for governor.

The mayor's friends have countered with charges that Governor Lowden charged his personal hotel bills while maintaining presidential campaign headquarters here to the state and that his personal valet is on the national payroll at a salary of \$3600 yearly, \$400 more than a lieutenant colonel receives.

Hartness Winner in Vermont Fight

By Associated Press Leased Wire Montpelier, Vt., Sept. 15.—A four cornered contest for Governor on the Republican ticket in the state primaries yesterday resulted in a victory for James Hartness of Springfield. Senator William P. Dillingham was renominated without opposition.

The Democrats, who had no co-leads, nominated Fred C. Martin for governor and Howard E. Shaw for senator.

IN FREEPORT COURT

County Judge John B. Crabtree went to Freeport this morning to remain for a few days occupying the bench in the Stephenson county court.

Dr. Fred B. Jones drove to Oregon this morning on professional business.

WEATHER.

WEDNESDAY, SEPT. 15, 1920 Chicago and Vicinity.—Thunder showers this afternoon or tonight; cooler tonight; Thursday fair and cooler; Friday fair; fresh southwest to northwest winds.

Illinois.—Thunder showers this afternoon or tonight; cooler tonight; cooler tonight; Thursday fair and cooler.

Wisconsin.—Unsettled with thunder showers in east portion this afternoon or tonight cooler tonight; Thursday fair with cooler in east portion; fresh to strong southwest shifting to north west winds.

Iowa.—Fair tonight and Thursday; cooler tonight and in east and south portions Thursday.

LOCAL TEMPERATURE The range of the local temperature during the 24 hours ending this morning was between 92 and 74 degrees above zero.

THE GREASED PIG

BOYS GAVE NEW SECRETARY FINE WELCOME TO "Y"

Mr. Phillips Got Noisy Reception Tuesday Evening.

The reception for the boys at the "Y" last evening was a huge success all around and everybody had the time of their lives. As soon as school was out the "gang" started gathering and by 6:30 the building was crowded and running over. Mr. Fowle, Lee county "Y" secretary entertained the boys until supper was ready and when mess call sounded there was one wild mad dash to get into line and it began to look as though it would be a scramble supper in fact as well as in words, but order was soon restored and things moved along smoothly till every boy had all he could eat.

After the cats had been disposed of an informal program of music, stories, etc., headed by Mr. Fowle, Mr. Stearns and some of the older boys amused the gang for an hour or so. "Red" Ryan and McGaffney also rendered vocal selections which were thoroughly enjoyed.

Mr. Phillips, the new boys' secretary at the "Y" made a short talk, telling the boys some of the things that were being planned for the coming season. The affair was in a way a reception and welcome for Mr. Phillips and he certainly got a good start with the boys last night and they are more than enthusiastic over the thought of working with him during the coming season. After the program the boys all went down to the newly painted pool and for half an hour or more the pool was like a bedlam set loose and to tell the truth there was more boy than water in the pool and each boy was trying to see how much louder than the others he could yell. There were between 150 and 200 boys present during the evening and when the last one departed about 10 o'clock the building seemed strangely quiet and deserted.

Harding Working on Friday's Addresses

By Associated Press Leased Wire Marion, O., Sept. 15.—With the day virtually clear of appointments, Senator Harding was at his desk early today to work on his next front porch speech to be delivered here "Constitution Day" Friday, to delegations from several Ohio counties.

Says Prohibition Law Will Never Be Repealed in U. S.

By Associated Press Leased Wire Washington, Sept. 15.—Enforcement of the prohibition amendment, plans for the fight before the next congress to prevent modification of the enforcement act and world prohibition were the principal topics before the conference of Anti-Saloon League leaders which began here today to continue through Friday.

The conference was preliminary to the international congress against alcoholism which begins here next Monday.

Enforcement of the liquor amendment was discussed today by prohibition Commissioner Kramer and Wayne B. Wheeler, general counsel of the Anti-Saloon League. Mr. Wheeler declared that national prohibition would never be repealed, but that it might be modified.

The power to enforce national prohibition is given both the state and the nation," and Mr. Wheeler. "It is up to the people to see that federal state officers do their duty in sustaining and enforcing the amendment."

Painters Redecorate Galena Avenue Arch

Painters are refinishing the arch on Galena avenue in front of the post-office. Some time ago the Chamber of Commerce advertised for a slogan to be permanent on the arch but very few answers were received. Unless present plans are changed, there will be but one word on the arch when the painters have completed their task, that being D I X O N.

Sen. Kenyon Heads U. S. Dry Delegation

By Associated Press Leased Wire Washington, Sept. 15.—Senator Kenyon of Iowa heads the American delegation to the fifteenth international congress against alcoholism which opens here Sept. 15. The appointments announced today by Secretary Coby of the state department, include Miss Anna Gordon of Evans-ton.

LICENSED TO WED.

A marriage license was issued yesterday to Ray S. Moore and Miss Nellie M. McCoy, both of Savanna, Ill.

Secretary Carroll D. King of the Chamber of Commerce went to Rockford on business for the day.

RECORDING OF VOTE RETURNS WILL BE SLOW

Nothing Definite Will Be Known Until Late This Evening.

The Evening Telegraph will show complete election returns as rapidly as they can be obtained tonight. The Associated Press leased wire in this office will be open all night to receive state election returns and through the cooperation of the election officials in the city and county the returns from the county contests and those in this district will also be available.

Stratton & Covert's cigar store will have a stereopticon machine to throw election bulletins on a screen across the street from their place of business and a chart of the county contests will be kept on their front window.

Extra telephones in The Evening Telegraph office will serve those who wish to phone this office for returns. Ask for Number 5.

The ballots are long, the vote is heavy and nothing definite will be known until late in the evening.

Abolition Summer Vacations Urged

By Associated Press Leased Wire Sacramento, Calif., Sept. 15.—Abolition of summer school vacations for children between 8 and 16 years old, because the vacation period "induced habits of idleness and criminality among boys" was advocated by Will C. Wood, state superintendent of schools today.

Wood said exceptions should be made in the cases of children who assist in harvesting fruit and similar work.

Panama's President Visits Washington

By Associated Press Leased Wire Washington, Sept. 15.—President-elect Porras of Panama was expected to arrive in Washington late today for a 40 hour visit in the capital. Secretary of State Coby and Secretary Daniels planned to meet Dr. Porras at the Union Station and accompany him to his hotel. Arrangements had been made for the marine band and two squadrons of cavalry to act as an escort between the station and the hotel.

HOT NIGHT

If you kind reader, were among the many who didn't sleep well last night you'll probably be interested in finding out why your slumbers failed to rest you. Observer J. B. Lennon it is learned that the heat was the disturbing element, the night being one of the hottest of the year. The lowest point reached by the mercury during the 24 hours ending this morning was 74.

ATTY. KENT SUES CO. FOR \$1,000 ALLEGED DUE IN INVESTIGATION

Is Echo of Alleged Mismanagement of Co. Infirmary.

Attorney W. G. Kent of this city has filed a suit in the circuit court against the Lee county board of supervisors in the sum of \$1,000 which he claims is due him for professional legal services in the investigation of alleged mismanagement of the Lee county infirmary, otherwise known as the county farm. H. A. Brooks of this city appears for the complainant.

The bill sets forth that the plaintiff served from July 15, 1919, until June 15, 1920, and that the amount of \$1,000 is due him for work, care, diligence, journeys and attendance of the plaintiff, by him performed and bestowed as attorney and solicitor of and for the defendants at their request and for fees due the plaintiff in respect thereof.

The bill for services in this capacity was presented to the open board by Attorney Kent at one of their sessions early this year and was turned down.

Endorsement Given Approval By G. O. P. Voters of New York

By Associated Press Leased Wire New York, Sept. 15.—Republican and Democratic candidates who received the endorsement of the unofficial state convention at Saratoga made decisive victories in all state-wide contests in yesterday's New York state primary. With 2,549 districts missing out of a total of 7,374, Nathan L. Miller of Syracuse, Republican organization designate for governor led State Senator George F. Thompson of Niagara by 7,732 votes. Senator Thompson, however, will be prohibition candidate for governor.

Governor Alfred E. Smith was renominated without opposition by the Democrats.

United States Senator James W. Wadsworth, Jr., backed by the Republican state organization, won an easy victory over Mrs. Ella A. Boole and George H. Payne.

Lieutenant Governor Harry C. Walker, organization candidate for the Democratic nomination for United States senator, apparently defeated Mayor George R. Lunn of Schenectady by a vote of more than 2 to 1. Organization candidates also proved victorious in almost all other contests.

Extra telephones in The Evening Telegraph office will serve those who wish to phone this office for returns. Ask for Number 5.

The ballots are long, the vote is heavy and nothing definite will be known until late in the evening.

Poles Seek More American Airmen

By Associated Press Leased Wire Warsaw, Sept. 15.—Major Cedric Fauntleroy of Chicago, commander of the Kosciuszko squadron and in charge of air forces on the southern front during the recent Bolshevik offensive was decorated with the highest Polish military cross by President Pilsudsky today. The president paid high tribute to the gallant role played by Americans in repulsing the soviet attack against Warsaw.

It was announced that Major Fauntleroy had been authorized to increase the squadron which is made up chiefly of American airmen, and that immediate steps would be taken to recruit 24 aviators from the United States for service in Poland.

POPULATION

By Associated Press Leased Wire Washington, Sept. 15.—Census figures announced today:

Peno, Nev., 12,016, increase 1149, or 10.6 per cent.

Modesto, Calif., 9,241, increase 5207, or 129.1 per cent.

Visalia, Calif., 5,753, increase 1293 or 26.4 per cent.

Moline, Ill., revised 30,734; previously announced as 30,709.

KILLED BANDIT POSED IN CITY AS CHICK BUYER

Leland Police Have Theory on Franklin Bank Robbery.

By Associated Press Leased Wire Aurora, Ill., Sept. 15.—George L. Miller, the respectable business man in Chicago was an automobile bandit in the countryside, the police at Leland believe. To support their "Dr. Jekyll and Mr. Hyde" theory they point to the fact that when Miller's body was found yesterday morning behind a Leland, Ill. garage and hardware store which had been robbed, articles stolen from the store were in Miller's pockets. These included a number of razors and pocket knives. In the automobile in which the bandits apparently came to Leland from Franklin Grove after attempting to rob a bank there, Miller's coat was found. The machine was abandoned about a mile west of Leland.

County Coroner Sorenson of LaSalle county said that he believed that Miller had been shot by his companions.

Killed By Pals. "It looks like he was wounded by the posse that pursued the robbers out of Franklin Grove and that his pals 'bumped him off' to get rid of him," Mr. Sorenson said.

"The loot they had piled up in the Leland store was heavy and a wounded man would be of little help in loading it. It included heavy automobile tires and tools. I believe the bandits fell to quarrelling with Miller, possibly because he asked for help instead of lending a hand and the result was that he was shot. A sort of survival of the fittest. His magazine gun was found in the automobile, together with two grips of burglar's and safe blower's tools."

Have New Theory. The inquest on Miller's remains will be held at Leland today.

This afternoon the Leland police and the LaSalle county authorities agreed on a new theory in their investigation of Miller's death. It was that he was a lookout for the bandits and that they shot him by mistake when alarmed while piling up their loot.

The Leland police think that Miller in the guise of a poultry buyer, going over the countryside, spotted places for his gang which he believed would be easy to rob and would yield good returns.

At Leland, thirty miles from Franklin Grove on the way to Chicago, the bandits broke into the garage and auto supply store of Erickson & Son and piled automobile tires and accessories in the middle of the room preparatory to carrying them off.

Kill Companion at Leland. Here, apparently, the robbers quarreled. The body of the victim was found just outside the door of the garage. He had been shot twice, in the chest and in the back of the head.

The dead man was well dressed, about 35 years old. In his pocket was a letter addressed to George L. Miller, 1551 Park avenue, and signed "Stella."

At the Chicago address it was learned George L. Miller kept his Ford in the garage at the rear and that his car number was 386,168. This is the license number of one plate found in the lodge. The other number, 453,518 was issued recently and has not yet been identified.

Not Slain by Leland Citizens. According to J. B. Thorsen, sheriff at Leland, Miller was not shot by a citizen of the town, as first reported.

"We knew nothing of the affair until the man's body was found in the rear of the garage," he said.

Detective Sergeants William Cusack and Charles Grotten, assigned to the case in Chicago, said Miller was a burglar with a record. They said three fingers of one of Miller's hands were missing. According to Sheriff Thorsen, three fingers were missing from one of the dead man's hands.

American Shipping Increased in 1920

By Associated Press Leased Wire Washington, Sept. 15.—Shipping under American register increased by 669 vessels and 3,416,713 gross tons during the fiscal year of 1920 compared with 1919, the department of commerce announced today. Total tonnage increased from 12,907,300 to 16,324,011.

Conductor John Lowrey and daughter, who have been visiting in Chicago, returned home last evening.

89TH BIRTHDAY.

Mrs. S. E. Trowbridge celebrated her 89th birthday Monday and during the day she was remembered with a box of fine chocolates, a bouquet of ferns and asters and other mementos from friends and neighbors.

VISIT IN WELLAND.

Mr. and Mrs. John Floreschuetz have returned from Welland where they spent the week end with relatives.

RETURNS TO CAPITAL.

Miss Gladys Kanaga has returned to Washington, D. C., after a visit with her parents on the Rock Island road.

HOME FROM VACATION.

Miss Henrietta Floreschuetz has returned home from an extended vacation trip.

A thimble put over the end of a curtain rod will prevent the rough edges of the rod from tearing the curtain.

Freshly laundered curtains are sometimes rather hard to slip onto the rods without a few close calls as to tears. The casing is stuck together by the starch and the jaggedness of the end of the rod hinders and annoys. A thimble provides a smooth surface over which the curtain easily slips.

Menu for Tomorrow

Breakfast—Baked apples with prunes, waffles, sirup, coffee.
Luncheon—Corn pudding, finger rolls, apple conserve, tea.
Dinner—Tomato consomme, Spanish steak with fresh mushrooms, mashed potatoes, romaine salad with French dressing, sliced peaches, sponge cake, coffee.

My Own Recipes

There are certain kinds of mushrooms that everyone is sure are good to eat. These are the little button variety and the large solid puffball. If one gathers mushrooms in pastures by the wayside it is necessary to be absolutely certain that the mushroom is edible. If there is any doubt in any mind consulted, don't use the mushrooms. Only cultivated varieties are sold in market.

BAKED APPLES WITH PRUNES

4 large sweet apples
4 large sweet prunes
4 teaspoons lemon juice
Wash apples and cut in half across the core. Remove core. Wash prunes and let stand in cold water two hours. Remove stones. Fill the cavities of the apples with the prunes, add lemon juice. Fit the halves of the apples together and bake in a slow oven till tender. A little water and butter should be put in the bottom of the pan in which the apples are baked. Bake

MARY.

Love's Young Dream Realized By Petain

By Associated Press Leased Wire

Paris, Sept. 15.—Marshal Henri Philippe Petain, commander in chief of French armies in France during the latter years of the great war and the French general whose work at Verdun made him a national figure, was married to Madame Hardon in Paris, Tuesday morning, says the Petit Parisien. Marshal Petain and his bride left last evening for the Riviera, where she owns a small estate.

The marriage is a lifelong dream of the marshal who knew the bride when she was a very young girl, long before her first marriage. He always cherished a tender memory of her and hoped that some day circumstances would enable him to marry her.

HARD TO GET CLERKS FOR ELECTION; PAY SAID TO BE REASON

Election Officials Get But \$6 per Day for Work on Board.

That many of the precincts through out the county would be short of clerks at today's primary was indicated by many of the supervisors at their opening session yesterday afternoon. Supervisor James Buckley brought the proposition before the board, stating that in his township, he had much difficulty in securing clerks to serve at a compensation of six dollars for the day. Other supervisors agreed with the representative from May township. Supervisor Buckley favored a salary of nine dollars for the clerks and

"ITS AMAZING" SAYS WABASH RAILROAD MAN

"Since My Astonishing Recovery All the Neighbors Are Taking Tanlac," Declares T. W. Wright.

"After suffering for twenty years and despairing of ever getting well, Tanlac has restored my health completely," declared T. W. Wright, of 521 East Eldorado street, Decatur, Ill., for forty years a clerk for the Wabash railroad.

"About twenty years ago my health began to fail, and for eighteen years, I was practically an invalid. Everything I ate caused gas to press around my heart and I had to struggle for breath. My kidneys worried me and I had severe pains across my back,

and was bloated up all over. My legs got so bent up with rheumatism I almost lost the use of them, and my wife had to help me in and out of my chair. I took almost every kind of medicine that could be mentioned, but kept getting worse until I just gave up entirely.

"A friend of my wife, who is a nurse in training, suggested that I try Tanlac, saying it had relieved her brother very much like mine. After the second bottle my stomach was better and my legs didn't seem to be so stiff. I have now taken ten bottles of Tanlac and I can eat heartily of anything I want, and nothing ever hurts me. My rheumatism is gone and I am as active on my feet as I ever was in my life. My kidneys are in good condition, and I don't have those pains in my back, not that bloated, puffy condition of my skin. I am a well man, and my astonishing recovery has made such a stir among my neighbors that there is hardly a house around here without a bottle of Tanlac in it."

Tanlac is sold in Dixon by the Public Drug and Book Co. and by the leading druggists in every town.

Fire Chief Issues Appeal to Dixonites

Fire Chief Thomas Coffey today issued his annual warning to citizens with reference to fire prevention with the coming of cool fall evenings when fires will be started in furnaces. The chief urged that all furnaces and heating apparatus be carefully inspected, electric wiring, to be included before the heating plants are started.

The attention of property owners is called to the condition of chimneys on all buildings. It is recommended that these be examined and repaired before the time for building fires and that all rubbish be removed from coal bins near heating plants.

Two Big Concerns Forego Cutting of Melons This Quarter

By Associated Press Leased Wire
Chicago, Sept. 14.—The Cudahy Packing company passed its dividend today. Officials said it was the first time since the reorganization of the company that a dividend had been passed.

In a letter to the stock exchange the company announced its decision to pass the quarterly dividend on the common stock which otherwise would have been payable Oct. 5.

ANOTHER HOLDS OFF

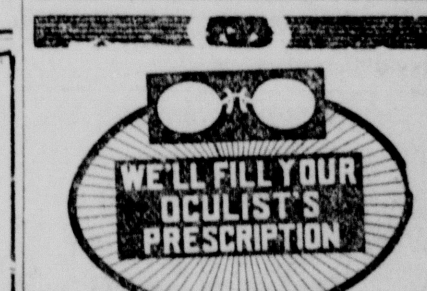

By Associated Press Leased Wire

New York, Sept. 14.—Directors of the National Cloak & Suit company decided today to omit the October dividend on the company's common stock. It was stated that the board believed it prudent to build up its working capital in the present unsettled condition.

Have your letter heads printed by the B. F. Shaw Pig. Co., Dixon.

THIS IS GOOD NEWS

At last there is "unbreakable
glass."

Much glass is more pliable than often
suspected. A strip of good glass
bends in a curve when held by the
ends. And some time ago glass dishes
which would stand the heat of any
kitchen oven without breaking were
introduced.

But most glass is brittle, as everyone
knows, and breaks at little pressure,
heat or shock.

The newly invented glass will stand
the shock of a high power pistol bullet.
It shows the mark, and splinters
under the impact at close range, but
is not penetrated.

Imagine the surprise of a small boy
who throws a baseball carelessly, and
sees it rebound from a neighbor's window.
How many whippings would
have been escaped had window glass
always been of this sort!

Unbreakable glass will be of interest
to housekeepers who find that
housemaids sometimes are not careful.
And imagine the surprise of a
housekeeper who drops a thin goblet
on the kitchen floor and sees it bound
and roll into a corner, unharmed.

Consider also those gentlemen who
carry a flask in the hip pocket when
they travel. No longer, should they
slip and fall, will it be necessary for
them to fall flask-side up!

FEARS UNREALIZED

It's difficult to guess how dice will
fall. It's almost as hard to forecast
what will be the effect of any legislation.
Each law is an experiment. It
seldom has the exact effect anticipated.
Rarely are the hopes of its supporters
or fears of its opponents fully realized.

Prohibition's opponents thought
that much property which had been
occupied by saloons would be left vacant.
But circumstances which had not
been taken into account prevented that.

Grape owners whose product had
been used for wine feared great loss.
These fears have proved unfounded.

The U. S. Bureau of Markets reports
that the manufacture of unfarmed
grape juice, jams and jellies is
utilizing an increasing tonnage of
grapes, and indicates that soon the
annual production of grapes will not
fill the demand.

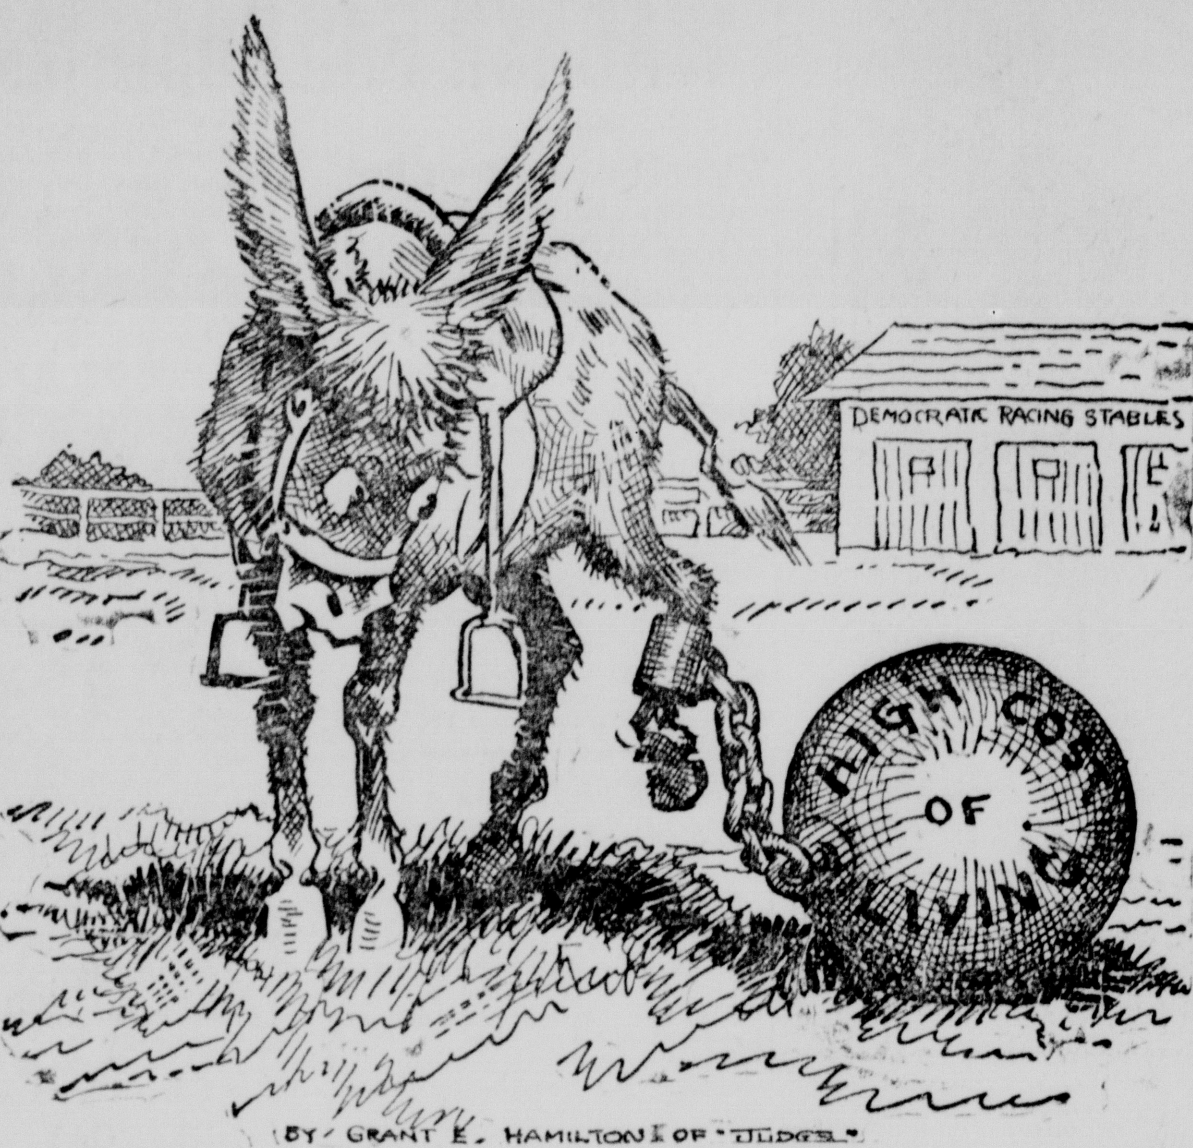

Taxicab companies feared a loss of
business as a result of prohibition.
But an increase is reported—by companies
represented at the recent convention
of the National Taxicab Owners' Association.

The difficulty of forecasting the effect
of any action accurately is one reason
why the progress of civilization
falters, and is slow at its best.

THE BOYCOTT

When a man or men are boycotted
sometimes dire trouble follows. The
boycott is simply that state of affairs
when some combination of men refuses
to have any relations with some
person or persons on account of some
difference, political or otherwise. It
has proven a strong weapon at times.
The thing itself is not new, for Napoleon
tried to establish it on England.
But the name is new. And that
originated in the fall of 1880. The
weapon is as keen now as ever. Captain
Boycott, in 1880, was the agent
for Lord Earne, an Irish landowner.
Peasants found Boycott to be "a rough
but." His severity tried them. They

"How Can I Win With This Chained to My Leg?"

BY GRANT E. HAMILTON OF "JUDGES"

asked his removal. Lord Earne failed
to hear the call.

The tenants "framed" on Boycott.
He was taboo. They refused to work
for him. His friends "cut" him. Boycott
feared ruin. The crops were ripe
but the tenants refused to harvest
them. Men from Ulster saved the day
by coming in and doing the tenants'
work for them. But the system grew,
and Boycotting afterwards spelled
with a small letter, became a popular
means of retaliation against unjust
demands.

And in that way the word found its
way into the language.

The revival of "Florodora" is a success
in New York. Wouldn't a revived
"Black Crook" look tame now!

Londoners say telephone service is
better in this country. O-oh, how awful
theirs must be.

The map makers are taking a vacation
while Russia and Poland establish
their boundaries.

The former kaiser has founded a
hospital at Amerongen. Well, he filled
plenty of them in his time.

of \$1000 for the roof on the court house.

Such is Life

The ape man has been found again.
Every time a bleached explorer gets
into Africa he finds the "missing
link." After calmer reflection he
learns that he discovered was neither
missing nor a link, but a brilliant
human fitted especially to his environment,
so fitted by countless generations
of existence there.

This time it is Dr. L. J. Vandenberg
trailing the missing link to his lair.
And he tells the world about the Congo
ape man.

In two respects this inhabitant of
the little known Congo country resembles
the ape. He can climb trees.

The Congo resident resembles the
ape, too, in that he cannot tell a lie.

However, the late G. Washington
also had this peculiarity.

The adult so-called ape man is
about four feet tall, and at that, is a
regular skyscraper when compared to
his better half.

The savage of the Congo is unlike
civilized men of America. He doesn't
give a whoop about going to war, and
never beats his wife, and never steals.
Why, honest to goodness, you could
leave your very best automobile
standing in the main street of the
Mambuti tribe's district and not an
ape man would as much as lift a
monkey wrench out of the car. Can
you do that in this burg?

Another thing about these little
dark fellows which shows how uncivil-

ADVENTURES OF THE TWINS

by Olive Roberts Barton

"S matter?" asked Muff Mole of
Floppy Field Mouse, after the two
had gone about three turns past the
fence-corner toward the Meadow
Grove schoolhouse. Because Floppy
was looking so glum.

"S matter with you, yourself?"
asked Flop, kicking away a stone.

Oh, I don't want to go to school to-
day!" grumbled Muff, stopping sud-
denly with his ear toward the ground.
"Fear that, and that, and that? The
storm yesterday brought up all the
earth worms and its elegant hunt-
ing."

Muffy Mole's Plan

"I'd like to stay home but my dad
won't let me," said Flop.

"Same here!" nodded Flop sym-
pathetically. "Corn's sweetest ever,
and I know where the biggest ears
are. I'd like to stay home but my
dad won't let me."

Flop looked at Muff and Muff look-
ed at Flop with a great understand-
ing of each other's sorrows.

"Mine won't either. Isn't life
awful!"

Along they went walking slower as
they near ed the schoolhouse, Muff's
lized they are, is that once having ac-
quired a wife they never look at an-
other lady. No vamping goes in those
jungles.

They have no jails and none of
them are ever pinched for carrying
concealed weapons. The first gun they
saw, just recently, they thought a
cheap imitation of thunder and light-
ning.

No parties or reception, but once a
month or so they pull off a lion hunt
just like we have prize fights and
things equally thrilling.

These Congo ladies are not what
you might call fashion copycats. The
latest styles they fall for are those in-
vented a long time ago by the family
living in the Garden of Eden.

ington, D. C.

Effort Syndrome.

I was discharged from the army
six months ago. The doctors told me
I was troubled with "effort syn-
drome." Can you tell me something
about this condition?

The Answer.

The condition you inquire about is
not new, as the same train of symp-
toms have been observed in soldiers
of all the armies in the late war, as
well as the Civil War, Franco-Prus-
sian War and Boer War, and all the
others as far back as the campaigns of
Napoleon.

It is not essentially a disease of sol-
diers, but the life led by soldiers of-
fers favorable conditions towards its
development. Previous disease (fe-
vers, diarrhea, influenza, gassing,
etc.) are predisposing factors. There

Confessions of a Bride

(Copyright 1920, by The Newspaper Enterprise Association)

THE BOOK OF ANN.

ANN PAYS ME AN INFORMAL VISIT WHILE BOB IS AWAY

I hadn't seen Ann since she had an-
nounced to me from the table under
the pergola that she had sent Bob to
find me talking to Ives. I didn't care
to see Ann. I felt that I couldn't be
nice to her while Bob and I were
quarrelling. And so when I heard her
voice in my upper hall I was disagree-
ably surprised.

Ann had come in by the side door
unannounced. Informality is her pet
habit. It is not mine. I can't think
of anybody except Bob and his mother
to whom I could give "the run of the
house." Ann assumed that she had
the privilege. Was her assurance on-
ly another symptom of her "innoc-
ence?" I wondered as I said "good
morning" to her.

"I'll be your neighbor, tomorrow, if
the servants arrive," Ann explained.
"The last of the things are going into
the house now! Come over and see
how they look!"

I went. I had no excuse for refus-
ing.

Ann had selected some of the new

glazed cretonne for her slipovers. The
men were adjusting them. It was the
final touch to the house. The cretonne
had a gorgeous yellow background and
splashed over it were all the colors of
the rainbow, in huge bunches of gay
blossoms. It hurt my eyes.

"So that's your 'aura,' Ann Lor-
mer?" I laughed.

"I guess so. Anyway, I feel awfu-
ly gay and happy with these bright
things around me."

"They must be all right, then," I
admitted.

"I simply love yellow!" Ann went
on. "Why, I've just bought a bathing
suit of yellow silk!"

"My goodness! Is it pretty? Let me
see it! I demanded. So up to Ann's
own suite we went. The rooms were
charming, but too much ruffled and
frilled to please me. Even the window
curtains were flounced from hem to
hem. A brand new idea and
charming, but too much ruffled and
frilled to please me. Even the window
curtains were flounced from hem to
hem. A brand new idea and

While I regarded those marvelous
hangings, and admitted the charm of

their novelty, Ann pulled a box from a
dresser drawer and opened it.

Her new yellow bathing suit of
glazed satin, a material made espe-
cially for beach wear. Fortunately,
Ann had avoided a violent contrast in
the trimming of the suit. She is such
a wee thing that I decided she would
look, in that costume like a stray
sunbeam dancing on the sand.

I commended the suit, like the cur-
tains, for its novelty and replaced it in
its box in the drawer. Beside the box
was a queer article to discover in a
girl's chest of drawers. It was an au-
tomatic-officer's regulation side-
arms.

"What have you got that thing
around for?" I asked.

"That's mother's," Ann replied.

"One of her movie properties. I'm so
tiny, you know, that she has always
been afraid I'd be kidnaped. She used
to be afraid to leave me alone at
home. So she gave me this. Oh, yes,
I can use it. Jim taught me."

Ann dropped the gun rather care-
lessly into the box containing her
bathing suit.

"Is it loaded?"

"Sure it is—now that Jimmy has
given me so much valuable jewelry."

"Not having any comment to make, I
turned to go home."

"I'm going with you," said Ann.

"My phone hasn't been installed yet.
May I use yours?"

Of course she could. Back to my
house we went.

"The phone is in the alcove—under
the stairs," I told her and I proceed-
ed to my room to put away my hat. I

BIG TEN FOOT BALL TEAMS REPORT FOR LIMBER-UP PRACTICE

Season in Western Conference Opens with Today's Work.

By Associated Press Leased Wire
Chicago, Sept. 15.—Football came into its own in the western conference today with the opening of the practice season for the fall gridiron campaign.

Reports from the universities in the "Big Ten" indicated that the largest squads in years responded to the call and that the season bids fair to eclipse the one of 1916, the most successful in years. The teams, with the possible exception of Northwestern and Purdue, will be made up of western players of known ability.

The practice for the remainder of the week will consist chiefly of lim-

AMERICAN GIRL TO WED DUKE?

Paris.—The Duchess de Chaulness, who formerly was Theodora Shonts, daughter of Theodore Shonts, late president of the Interborough Rapid Transit Co. of New York, will wed, it's reported, Duke de Creusot. The duke is remembered here as the last lover of Gaby Deslys.

ABE MARTIN.

What worries a little town princess is how a city vamp manages to parade past all the hotels. We'll say this for prohibition — at last we've found out what hair tonic is good for.

bering up work. The more strenuous work will be started next when the players will be sent down under punts and the first scrimmages will be held.

Have Many Veterans
Illinois, winner of the 1919 championship, will start the season well fortified with veterans. John Deplor, all-western center, will captain the eleven. Ohio State, runner up in the championship race, will build its 1920 machine around "Pete" Stinchcomb who was regarded as one of the best quarterbacks in the west last season.

The Minnesota prospects appear the brightest in years and a heavy fast line with a speedy back field seems assured. Iowa will have the Devine brothers as its principal asset while Wisconsin will rely chiefly on Captain Weston, an end of great ability. With the eligibility of Frank Stoketeo, all-American fullback in 1918, assured and other veterans in the lineup, Michigan promises to be in the field with a promising team. Coach Stagg of the University of Chicago has backfield material of ability from which to make his selections. The team will be captained by "Red" Jackson, one of the best forwards ever developed at Chicago.

The general opening of the season is slated for Oct. 2.

Carmen, the biggest production ever seen in this city at Assembly Park Friday night. Get your seats now. 21812

WOMEN PLAY TENNIS.

By Associated Press Leased Wire
Philadelphia, Sept. 15.—California's leading women lawn tennis players met star players from the eastern states in the third round of the woman's championship today at the national tournament on the courts of the Philadelphia Cricket Club.

Plenty of good seats left for Carmen at Assembly Park Auditorium Friday night. 21812

"CARMEN" WILL BE GREAT PRODUCTION

Chas. Eastman, who brings "Carmen" to the Assembly Park auditorium on Friday evening should be given the entire support of every one in this city and surrounding territory for no one has ever attempted to give us a production of this magnitude. Grand opera in Dixon is something everyone should be proud of and should lend every effort to make it a big success. Mr. Eastman has to guarantee a large sum for the appearance of the company here and it's up to everybody to make it a success by attending that most wonderful production of "Carmen" with a company of 78 people, an orchestra of 24 and band of 20 pieces. Two carloads of scenery is used and \$65,000 has been spent in the production.

New Religion of Japan Socialistic

Tokio.—"Omo Toyko" the new mysterious religion of Japan, is merely an extreme form of Socialism aimed at the destruction of the existing Social order, according to Kakui Kato, a merchant who made a secret pilgrimage to Ayado, the village headquarters of the sect.

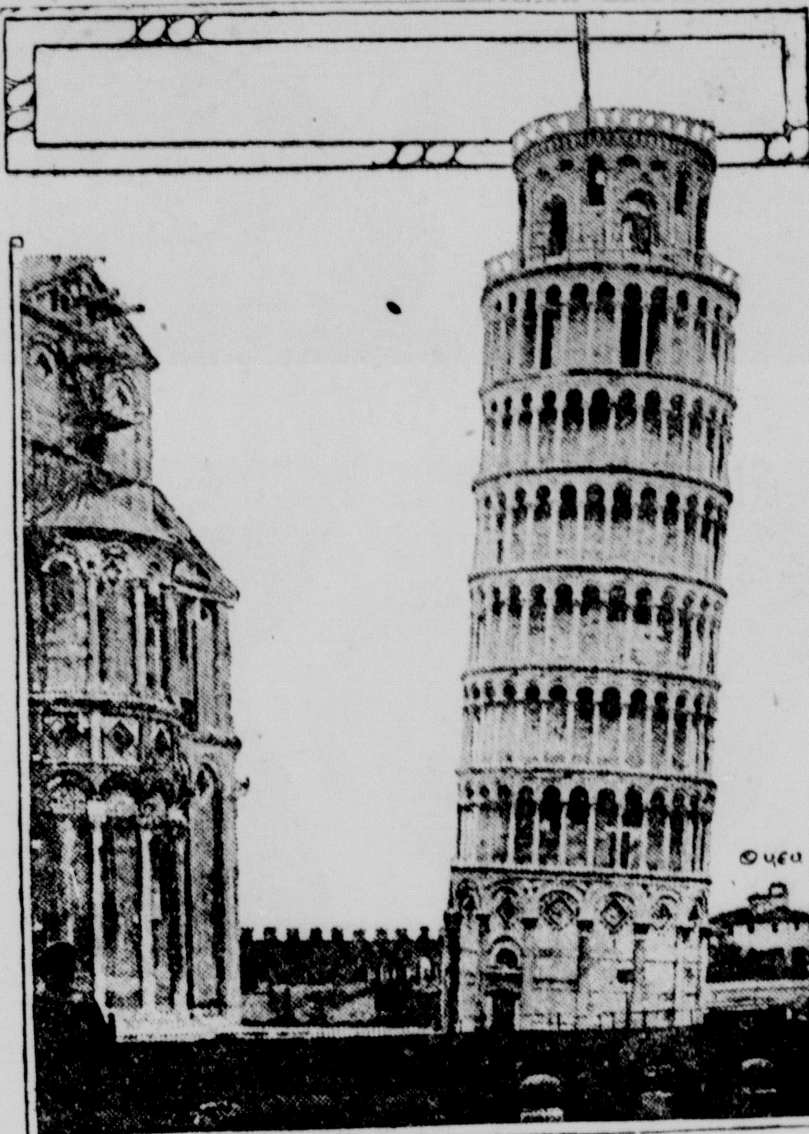

The leading adherents of the cult, Kato reported, were retired and discontented military men.

BUSINESS MEN

Every business man and his family should buy a ticket to Carmen. The appearance of such productions in our city should be encouraged and unless the public comes to the rescue it means no more high class entertainments for Dixon.

—Do not fail to hear Carmen absolutely the very best attraction ever seen in Dixon. 76 artists take part. Friday evening at Assembly Park.

LEANING TOWER MAY FALL

The leaning Tower of Pisa, one of the seven wonders of the world, may fall as the result of the weakening of its foundations by the earthquake which ruined much of that city. The tower has withstood several severe earthquakes and has been leaning for centuries.

It is estimated that 70,000 tons of and mineral water consumed annually cork are needed for the bottled beer in Great Britain.

DIXON DRUG CO. PIGEONS ENTER ST. LOUIS RACE

Will Carry Message to Missouri Governor from Mr. Smith.

Local interest is being aroused in the Rexall Pigeon derby to be flown at St. Louis on Sept. 25, and in which a pair of homing pigeons, to be released by R. F. Schildberg of this city will participate. In all 5,000 homing pigeons are to take part in this race, each having been bred, matched and trained in the Rexall Pigeon lofts at St. Louis, the largest in the world.

The race will be confined to Rexall druggists doing business within a five hundred mile radius of St. Louis. Each of these druggists will enter a pair of pigeons in the race, the birds being shipped to him from the St. Louis lofts. The birds to fly from Dixon will be on exhibition in the show window at the Public Drug & Book company for a few days prior to the flight. They will be released for the speedy flight to St. Louis at a specified hour, handicaps as to distance having been carefully worked out and the first bird to "trap in" at the St. Louis lofts will receive the golden prize.

To Carry Messages.
In each town, as here, a program will be arranged in connection with the release of the pigeons. The mayor, either in person or through authority delegated to some young lady, will speed the pigeons on their way with a written message beneath their wings for the governor of Missouri, who will greet the little racers upon their arrival.

The occasion for this race is for the amusement and entertainment of the 8,000 or more Rexall druggists of the United States who will assemble in St. Louis on Sept. 25 for their annual convention, made especially interesting this year because of the inauguration of the new four million

dollar factory the United Drug company has just completed in St. Louis for the manufacture of Rexall products. R. F. Schildberg of this city will attend the convention.

TRAP SHOOTERS MEET.
By Associated Press Leased Wire
Atlantic City, N. J., Sept. 15.—Some of the country's best marksmen were entered in the annual Wesley Hogan trap shooting tournament, which opened here today. The tournament will continue throughout the week.

WANTED—Anyone who has something—no matter what—he or she would like to dispose of, to advertise it in the columns of the Telegraph.

Plenty of good seats left for Carmen at Assembly Park Auditorium Friday night. 21812

Three Kankakee Men Seek Governorship

By Associated Press Leased Wire
Kankakee, Ill., Sept. 13.—Three Kankakee native sons are running for governor this year in as many states, all on the Republican ticket. Len Small is seeking the Republican nomination in Illinois, while Harry Hanna of Santa Fe, N. M., is a candidate there and Edward T. Coman is running in Washington.

MOTHER GIVEN 30 DAYS TO WIN GIRL'S LOVE

JOSEPHINE IMMORDINO

Brooklyn.—Justice Squiers, of the Brooklyn supreme court, has given Mrs. Mary Immordino 30 days to win the affection of her 15-year-old daughter, Josephine. The girl has lived with her uncle and aunt, Mr. and Mrs. Michael Garrati, for 10 years, since the death of her father. She

wants to stay with them, while the mother wants her to come home. In court, recently, she said she owed everything to her uncle and aunt, and that she didn't care to go to her mother. The court ruled that if the girl showed no more love for her mother in 30 days, he could do nothing.

SUFFRAGISTS AT WHITE HOUSE

WASHINGTON.—Mrs. Carrie Chapman Catt, woman suffrage leader (right) and Mrs. Helen H. Gardener, U. S. Civil Service Commissioner and suffragist, are shown leaving the White House after a conference with President Wilson in which the president congratulated them on the suffrage victory.

DISCS KEEP OUT FOREIGN RATS

New York.—Here's the way New York health officials are preventing the invasion of foreign rats—by placing metal disks on the hausers of all trans-Atlantic steamers. They take no chances with bubonic plague-infected rats, which are often carried by ships from one country to another.

TROUBLE FOLLOWS PICKFORD FAMILY

NEW YORK.—Few movie stars have appeared in the lives of Mary Pickford (right), her sister Lottie (left), and her brother Jack (center).

Mary found love's first young dream a ghastly nightmare, so she said, and she divorced Owen Moore and married Douglas Fairbanks. This was fol-

lowed by threats of action against her by Nevada officials, growing out of the short time she lived in the state before the divorce was granted.

Hardly had this trouble died down when Lottie began suit in Los Angeles asking divorce from A. G. Rupp, New York stockbroker.

And now comes news of the death of Olive Thomas, Jack's wife under trag-

ic circumstances in Paris. She died from mercurial poison taken, it is stated, by mistake. French police began an investigation which included several resorts in the Montmartre district, said to have been visited by Miss Thomas shortly before she took the poison.

The Paris police soon decided that the poison was taken by mistake and dropped the probe.

DeKalb Papers Loud in Praise of Paddock

DeKalb papers state that a scout from the camp of the New York Giants attended the ball game in their city Sunday afternoon, at which time the Dixon Browns were defeated by a score of 13 to 8. The scout is said to have been watching the performance of Paddock the Ashton twirler, who pitched for DeKalb last Sunday. Paddock has been pitching for the DeKalb team in the games it has won this season and also twirled for the Grand Detour Plow company team at Racine last Saturday.

Forrest Paddock has many friends in Dixon and throughout Lee county who admire his pitching ability. He was offered a position on the Chicago Cubs pitching staff a year ago but turned down their offer and it is hardly probable that he would report to the New York Giants, should they seek his services.

A saving of \$5,000,000 of stock on the farms of the country was made last year by the killing of 32,000 wild an mals.

Japan Will Take Her First Census

Tokio.—Japan's first census will be taken beginning Oct. 1. Laws passed in 1902 decreed that the census should be taken every decade, the first being set for 1905. The war with Russia prevented carrying out this plan and it was not until 1918 that the new date was definitely decided upon.

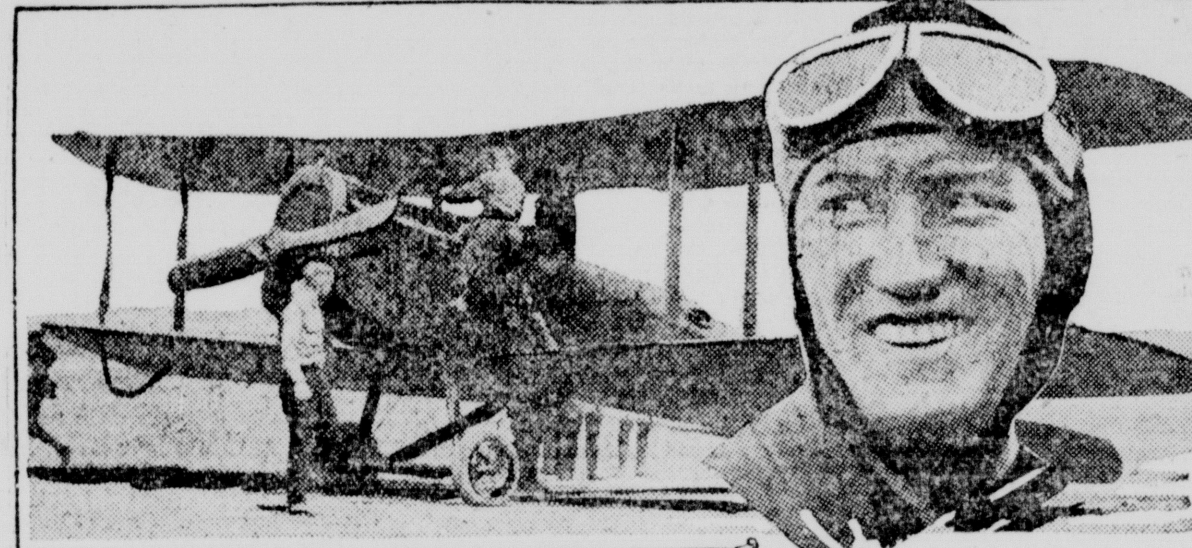

Great efforts are being made by the government to make the people realize the importance of the census.

MISKE'S FINISH AND DEMPSEY'S 43RD KNOCKOUT

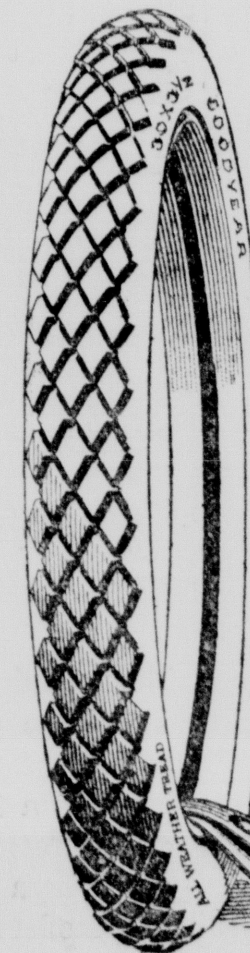

BENTON HARBOR, Mich.—Billy Miske's downfall—the second knock down that came in the third round of the fight here, Labor Day. Dempsey floored Miske with a short left to the jaw, which really did the work. Miske climbed to his knees, dazed, apparently not knowing where he was or where to look for Dempsey. As he rose slowly to his feet and turned, Dempsey shot his right across Miske's shoulder, flush to the jaw. Miske dropped limp. Miske is shown rising as Referee Jim Dougherty (center) tolled off the count of eight. Dempsey is waiting to deliver the final sock that ended the fight, making his 43rd knockout.

Randolph D. Paige is piloting the first direct New York-San Francisco mail airplane. Inset, Aviator Paige.

Ride Farther on Goodyear Tires in Your Small Car

It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30 x 3-, 30 x 3 1/2- and 31 x 4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size in waterproof bag \$4.50

GOOD YEAR

THAT Mazola is a better and more economical frying fat than lard has again been demonstrated. This time by Mrs. A. Louise Andrea, admittedly one of the greatest experts in modern cookery.

Mrs. Andrea found that 4 lbs. of Mazola, cooked down to 2 lbs., fried 24 1/2 lbs. of potatoes. While 4 lbs. of lard cooked down to 2 lbs. fried only 7 lbs. 14 oz. potatoes.

Tested on fish steaks, one inch in thickness, Mazola fried 25 3/4

lbs., while lard fried only 16 1/2 lbs. of fish.

Of doughnuts cut uniformly 2 3/4 inches in diameter, Mazola fried 208, while lard fried only 138.

This proves conclusively that Mazola goes more than three times as far as lard for frying potatoes; almost twice as far for fish; and two-thirds farther than lard in frying doughnuts.

No housewife who wants to use the most wholesome, as well as the most economical cooking and salad oil, should fail to order Mazola from her grocer today.

CAN AMERICA BEAT
LONDON—Following the report from the United States announcing that the Western Union had sent one message of 52,356 words from Los Angeles to New York in a little more than ten hours, English telegraph companies admitted it was a record for a single message, but pointed out that nearly two million words were filed out of London the night of Nov. 23, 1911, when Sir Edward Grey made his address on the Moroccan crisis. They ask "can America beat this?"

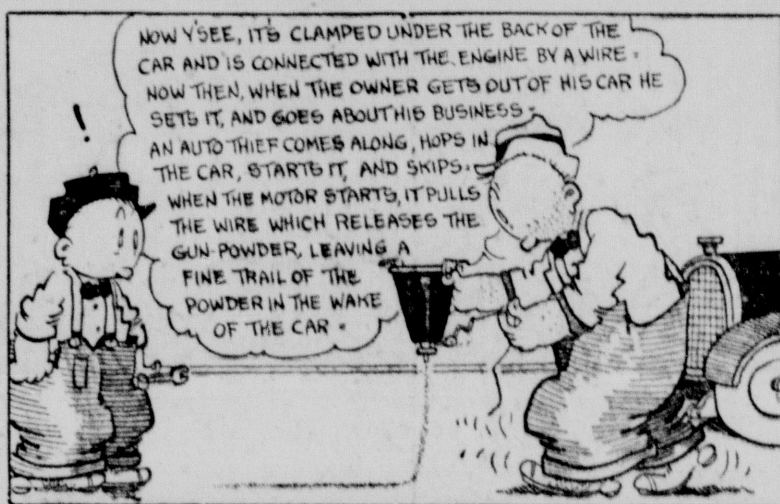

"GIRL" CHARMER'S SECRET REVEALED
GREENSBURG, Ind.—Zuma, snake charmer, posing as a girl, suddenly became a man when the platform surrounding the snake pit crashed down upon him and the snakes. Several girls fell into the pit, but none were injured.

Melons were first extensively cultivated in France early in the 17th century.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin, a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

Wilson to Receive Commission Report on Armenia Frontier

By Associated Press Leased Wire
Washington, Sept. 14.—The report of the commission appointed by the state department to assist President Wilson in fixing the boundaries of Armenia is expected to be completed within a fortnight. It then will be forwarded to the president who is expected to communicate the result of his decision to the allied premiers who asked that he fix the boundaries of the Near Eastern republic.

Cummings Health Forbids Candidacy

By Associated Press Leased Wire
New Haven, Conn., Sept. 14.—Homer S. Cummings, democratic national committeeman from Connecticut, and former chairman of the national committee today announced that, due to poor health he was not a candidate for nomination as United States senator at the Democratic state convention Thursday.

American Athletes Beat Norwegians

By Associated Press Leased Wire
Christiana, Norway, Sept. 13.—American athletes who participated in the Olympic contests at Antwerp met 2 Norwegian stars here today and won the honors of the meet easily being far superior to their competitors.

J. V. Scholz, University of Missouri, equalled the world's record in the 100 meter dash.

Joie Ray, Illinois A. C. won the 800 metre race in one minute 58.7 seconds.

Copenhagen has the largest enclosed deer park of any city in the world, about 2400 acres.

Rock Island Foot Ball Team Formed

By Associated Press Leased Wire
Rock Island, Ill., Sept. 14.—The Rock Island Independents, ranking with Canton, Haskell, Hammond and Cleveland as one of the most formidable professional football teams in the country, were re-organized for the coming season here last night at a monster mass meeting attended by boosters from Rock Island, Moline and Davenport.

"Tub" Ursella of Minneapolis, captain and quarterback of last year's near-championship Independents, reported here today to complete player and schedule plans with Manager Walter H. Flanagan.

The Independents plan to play at least 12 games with the strongest professional teams, the schedule of which is practically completed.

VON BULOW TO MAKE "COME BACK" REPORT.
London.—Reports from Berlin tell of the probable return to public life of Prince von Bulow, an ambassador to Rome. Negotiations, these advices say, resulted in hints from Rome that Bulow, as an old friend of Premier Giolitti, would be regarded with favor.

The escapement wheel of a watch makes 781,000 revolutions every 12 months.

Plenty of Rooms at State Varsity

Champaign, Ill., Sept. 14. — Denial that prospect students of the University of Illinois were unable to find rooming accommodations in Urbana and Champaign was made today by University officials. The statement was made when reports to this effect came from several quarters of the state.

"It is not true that students are unable to find rooms, nor is it true that they are being subjected to profiteering, except in isolated cases," said the statement. "It is true that rooms are hard to find immediately adjacent to the campus, but if students are really anxious to enter the university, there are plenty of rooms to be had both in Urbana and Champaign in good residential districts. Because of the increase in enrollment, students will find it necessary to accustom themselves to the fact that all cannot room within a five minute walk from the class rooms."

"There is absolutely no truth to the statement that members of the Students' Army Training Corps are being accorded special classification and accommodations."

Methylated spirit was recently sold by a Liverpool chemist at a profit of 415 per cent.

Grunau, Leader of Strike, is Beaten

By Associated Press Leased Wire
Chicago, Sept. 14.—Admission of John Grunau, leader of the striking switchmen, yardmen and engineers in the Chicago switching district that the walkout had ended was made public today. At meetings called by the men last night majorities were reported in favor of returning to their former positions.

Grunau's announcement that at Sunday night's meeting the men had decided to continue on strike by a majority of 300 was followed by charges on the part of the strikers of bribery, trickery, stuffed ballot boxes and intimidation.

The strikers, at a meeting presided over by Grunau, declared their intention of returning to work and Grunau appointed a committee to treat with the railroad managers in securing the best terms possible. When Grunau called for a rising vote at this meeting the sentiment in favor of returning to work was unanimous.

A bottle of champagne contains three pounds of grapes.

Soldiers Confess to Stealing from American Relief

Constantinople, Sept. 13.—(By Associated Press)—Six former American soldiers who have been arrested in connection with thefts of supplies from the American committee for relief in the Near East, have virtually confessed and have promised to tell all they know in the hope that leniency will be shown them, according to officials investigating the situation. The thefts are said to total hundreds of thousands of dollars. Charles Allen, American consul here is conducting the examinations of the six men.

A long investigation is anticipated for the purpose of determining the extent of the thefts from the committee. Officials declare that the losses from thefts, together with manipulation of funds and supplies, may be far larger than at first suspected. It is declared they extend over a period of a year and a half and involve officers of other charity war organizations who worked temporarily with the old American committee for relief in the Near East and then returned to the United States.

To Bring Body of Miss Thomas Home

By Associated Press Leased Wire
Paris, Sept. 14.—It is probable the body of the late Olive Thomas, American motion picture actress, who died here last week will be shipped to New York Saturday on the liner Mauretania. Jack Pickford, husband of the dead woman, and a few friends will accompany the body to America.

A Burmese custom decrees that people born on the same day of the week must not marry, or ill luck would follow their union.

Urges All Service Men to Co-operation

By Associated Press Leased Wire
St. Louis, Mo., Sept. 14.—Resolutions urging that all societies of former service men co-operate to secure legislation favorable to former service men were prepared for presentation today at the twenty-second national encampment of the United Spanish War Veterans in session here.

The term "tonnage" in shipping has five meanings, according as it refers to deadweight, cargo, gross, net or displacement tonnage.

PEACHES

We do not believe you can do as well elsewhere. We could not advise you to buy out of tramp cars. These low prices advertised by irregular dealers are for cheaper and inferior stock. We, or any regular dealer, can handle for less profit than tramp dealers as we have better facilities for handling. We have Peaches most every day and are the largest dealers in this section.

Milk for Every Purpose
MILK—pure milk—in convenient forms and of uniform quality—such as the Borden Milk products, Eagle Brand, Evaporated and Malted. They supply a milk for every need—for infants, invalids, and convalescents—for cooking, table, travelling—for growing children and aged people—for home and hospital use.

The pure-milk code formulated sixty-three years ago by Gail Borden has ever been maintained by the co-operation of the dairymen and employees throughout the Borden plants.

Today the Borden Service is as complete as it is universal.

PEARS

Car of the finest canning Pears ever brought to Dixon, now on track. Cheapest and healthiest fruit you can can. You will be sorry if you do not can some of these Pears. They are a new variety to most of you, but we have known them for some time as one of the very finest canning Pears. Car lots of them are scarce.

HERE IS POST ECONOMY

LONG-BELL Creosoted Fence Posts that last for forty years and more are sold and recommended by practically every leading lumber dealer in your state. **LONG-BELL** CREOSOTED YELLOW PINE POSTS mean an end to all repair bills and the saving of all time and labor spent in replacements due to decay.

CREOSOTED Yellow Pine POSTS

cost practically the same as ordinary posts, but instead of decaying and having to be replaced at the rate of one out of every eight each year—these posts give upright service for a generation.

Free Circular describing L-B Posts and the Long-Bell system of treatment mailed free on request.

We can supply you with L-B Creosoted Yellow Pine Posts. See us before making further repairs and replacements.
